A Legacy Built on Trust & Quality

For more than 4 decades All Timberlines has been more than just a supplier, we have worked in partnership with businesses in our Community and beyond. We understand the challenges of finding dependable, high-quality materials, and we take pride in delivering bespoke goods that meets the highest standards.

PRODUCTS & SERVICES

TAILORED TIMBER SOLUTIONS FOR YOUR BUSINESS NEEDS

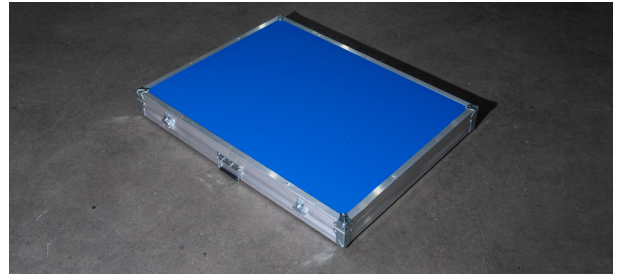

Wooden Crating:

Custom-built wooden crates tailored to safeguard heavy, delicate, or high-value cargo. Designed for durability and compliance with international shipping standards.

Transit & Flight Cases:

High-quality transit and equipment cases engineered for safe transport of equipment, electronics, and sensitive materials. Available with reinforced structures for air, sea, and land freight.

Pallets:

Standard and custom-sized wooden pallets built for heavy-duty logistics, warehousing, and shipping. Heat-treated options available for international compliance.

Packing Materials:

Supply of seafastening of containers, moisture barrier foil bags, shrinkwrapping, steel banding, crate linings, and timber or plywood discs.

Peli Protector™ Range:

Watertight and crushproof cases offering total protection in virtually any situation. Features include pressure purge valves, neoprene "O" rings, and padlock facilities.
